The Center for Teaching Arabic to Foreign Students offers a chance to foreign students to learn all about the Arabic language and the Arab culture. It helps students to reach the highest levels of language proficiency and competence through their daily experience of living in Egypt, the land of the great river Nile and the pyramids. The center provides means of communication with the hospitable and friendly Egyptian people, the largest Arab speaking population. Furthermore, the Center opens the door to its students by introducing them to the Egyptian culture and its ancient civilization through cultural visits to exhibitions, traditional and artisan markets, museums, fairs, cinemas, theatres, hotels and touristic villages. During all these activities the students can listen to the Arabic language, practice speaking it and will be immersed in its culture.
